

# Career Opportunity

## WHO WE ARE

We are a B Corp certified social enterprise enabling healthcare equality for all. As a social enterprise, we manage dental, vision, drug, and healthcare benefits programs exclusively for government and social services agencies in Canada. Our targeted experience and innovative technology provides cost savings, reliable service, process continuity, and accurate, insightful data that enables governments to make informed strategic decisions, reducing stress on the healthcare system through streamlined administration.

## ABOUT THIS OPPORTUNITY

Accerta is looking for a technical DevOps Engineer to support the Software Development team and initiate the journey toward the deployment of a CI/CD pipeline. This is a full-time temporary position for 3 months, renewable based on achievements and success.

## ACCOUNTABILITIES

- Understand the current SDLC and assess the existing development toolset
- Identify the DevOps pipeline solution best suited to Accerta
- Implement and integrate the DevOps pipeline
- Automate builds and tests
- Train the Software Development team

## QUALIFICATIONS

- Strong experience in deploying a DevOps pipeline within a Microsoft development context
- Experience in maintaining a JIRA environment
- A passion for automation and elimination of repetitive and low-added value tasks
- Great communication and coaching skills
